Commissioner

April 30, 2020

Dear CAPS Child Care Provider,

I am writing to let you know that DECAL has expanded the Essential Services Workforce priority group to include families who work in the food supply chain such as grocery stores, farming, and food delivery and pick-up. CAPS will begin supporting families in the newly added occupations effective May 1, 2020.

For more information on the additional occupations, go to [the Essential Services Workforce priority group document here](#) or view the document on the CAPS website update page at <https://caps.dec.state.ga.us/en/Updates>.

If you have questions, contact our offices at 1-833-4GA-CAPS (1-833-442-2277).

Thank you for all you do for Georgia's children and their families.

Sincerely,

Elisabetta Kasfir
Deputy Commissioner for Federal Programs
